Overview

We explore Mimosa's ground breaking wireless broadband solutions. Whether you are an experienced Mimosa user or just trying Mimosa for the first time, trainer will be there to answer all of your questions

What will be covered?

- Solutions to cover rural, suburban, and urban areas with wireless broadband
- Delivering high speed internet access with speeds of more than 300 Mbps
- Deploying point-to-point and point-to-multipoint networks and recommended architectures
- Providing customers with high-capacity, reliable, scalable and cost-effective broadband service, while achieving an ROI of 6-9 months
- Enabling a host of new revenue streams with Data, Voice, Video and Surveillance/Security services

Required Materials

Guests are advised to bring own Laptop and related peripherals (mouse, power adapter) as training material will be provided in soft copy.
